The 7th edition of the International Conference on e-Health (part of the IADIS Multi Conference on Computer Science and Information Systems) was held in Las Palmas de Gran Canaria, Spain, during 21-23 July, 2015.

This conference was organized by the International Association for Development of the Information Society (IADIS) and co-organized by University of Las Palmas de Gran Canaria, Spain.

Co-organized by:

This conference focuses on the notion that the use of ICTs (Information and Communication Technologies) in Healthcare Services is the main mechanism to improve efficiency and effectiveness. Therefore, the e-Health 2015 conference aimed to draw together information systems, practitioners and management experts from all quadrants involved in developing computer technology to improve healthcare quality. Submissions were accepted under the following 3 main areas in the field of e-health: Research Issues, Management Issues and Applications.

This edition was published jointly with the conferences: e-Commerce and Digital Marketing 2015 and Information Systems Post-implementation and Change Management 2015. These events received 139 submissions from more than 22 countries. Each submission was anonymously reviewed by an average of four independent reviewers, to ensure that accepted submissions were of a high standard. Consequently, only 21 full papers were approved which meant an acceptance rate of 15%. A few more papers were accepted as short papers, reflection papers and posters.

Extended versions of the best papers were selected to be published in:

- the IADIS International Journal on WWW/Internet (IJWI). ISSN: 1645-7641

In addition to the presentation of the papers, this event also included two keynote presentations given by Dr. Carlos M. Travieso-González, Professor at Universidad de Las Palmas de Gran Canaria, Spain and Dr. Jacques Bulchand-Gidumal, Professor of Digital Enterprises and Entrepreneurship, University of Las Palmas de Gran Canaria, Spain.
Keynote Presentation:
THE USE OF AROUSAL DETECTION ON NEURODEGENERATIVE DISEASES
by Carlos M. Travieso-González, Professor at Universidad de Las Palmas de Gran Canaria, Spain

Keynote Presentation:
A DIFFERENT PERSPECTIVE ON THE SINGULARITY POINT. HOW IT IS SUBSTITUTING JOBS IN THE SERVICE SECTOR
by Dr. Jacques Bulchand-Gidumal, Professor of Digital Enterprises and Entrepreneurship, University of Las Palmas de Gran Canaria, Spain

In general, this edition offered once again a great opportunity to all their participants to discuss with success the most significant aspects regarding the theme e-Health. It served as a forum that gathered researchers, practitioners, students and anyone that was working or studying in the field of ICTs in Healthcare Services.

Program Committee Members:
Abdallah Mhamed, Telecom Sudparis, France
Abdel-Badeeh M. Salem, Ain Shams University, Egypt
Adel Taweel, Kings College, United Kingdom
Alain Pruski, Lcoms Université de Lorraine, France
Alexander Hoerbst, UMIT - University for Health Sciences, Austria
Amir Hajjam el hassani, University of Technology of Belfort Montbeliard, France
Anastasia Kastania, Athens University of Economics & Business, Greece
Andreas Schrader, University of Lübeck, Germany
Anja Henner, Oulu University of Applied Sciences, Finland
Anthony Fleury, Ecole Des Mines Douai, France
Antonio Lanatà, University of Pisa, Italy
Athina Lazakidou, University of Peloponnese, Greece
Ayse Bener, Mechanical and Industrial Engineering Ryerson University, Canada
Bert-Jan van Beijnum, University of Twente, Netherlands
Bo Hu, Fujitsu Labs Europe Ltd, United Kingdom
Bobak Jack Mortazavi, UCLA Wireless Health Institute, USA
Bridget Kane, Trinity College Dublin, Ireland
Carlos Fernández Llatas, Universidad Politécnica de Valencia, Spain
Carolyn Mcgregor, University of Ontario Institute of Technology, Canada
Cesar Caceres Taladriz, Rey Juan Carlos University, Spain
Danilo De Rossi, University of Pisa, Italy
David Isern, University Rovira I Virgili, Spain
Edward de Quincey, Keele University, United Kingdom
Edward Kacki, Imia, Poland
Elena Villalba, University Hospital of Getafe, Spain
Elizabeth Krupinski, University of Arizona, USA
